

M9.06.PX – M9.06.WX

pH/ORP Monitor and Transmitter

Objednací číslo	Materiál	Kategorie	Série	product.detail.attribute.Mounting	product.detail.attribute.Power supply	product.detail.attribute power Technology
M9.06.P1	FLS Measurement Instrumentation	FLS systém pro měření a regulaci	Monitory pro měření a regulaci průtoku, pH/ORP a vodivosti	Panel	12 - 24 VCC	3/4 wire
M9.06.W1	FLS Measurement Instrumentation	FLS systém pro měření a regulaci	Monitory pro měření a regulaci průtoku, pH/ORP a vodivosti	Wall	12 - 24 VCC	3/4 wire
M9.06.W2	FLS Measurement Instrumentation	FLS systém pro měření a regulaci	Monitory pro měření a regulaci průtoku, pH/ORP a vodivosti	Wall	110 - 230 VCA	3/4 wire

M9.06.PX – M9.06.WX

- APPLICATIONS • Water treatment and regeneration • Industrial waste water treatment and recovery • Scrubber control • Neutralization systems • Heavy metals recovery • Metal surface coating • Processing and manufacturing industry • Chemical production • Swimming pools and SPA MAIN FEATURES • Wide full graphic display • Multicolor backlight visualization • Help on board • Automatic recognition of pH buffers • In line adjustment • Analog output for temperature remoting • Mechanical relay for external device control • Solid State Relays for programmable alarms • USB port for software upgrading
